Project 1.2

Xiaoyu Wang (xw2419)
Yuhao Pan(yp2391)

PostgreSQL database account number:
Xiaoyu Wang (xw2419) server owner
Yuhao Pan(yp2391)

"interesting" SQL queries:
1: Find the company name and phone which is located in California and rated greater than 5.
SELECT C.tcname,C.phone
FROM tour_company C
WHERE C.state = 'CA'AND C.rate > 5;

2: Find tour guides id and names which are female and speak Chinese.
SELECT G.tcid,G.tgname
FROM tour_guide G, language_speak L
WHERE G.tgid = L.tgid AND G.gender = 'F'AND l.tlname ='Chinese';

3: Find all information of tour companies which have packages go to LAS VEGAS that prices are lower than 500 and rated greater than 3.

SELECT *
FROM tour_company C
WHERE C.tcid IN (SELECT P.tcid
                 FROM tour_package P
                 WHERE P.price < 500 AND P.rate > 3 AND
                       P.tid IN(SELECT A.tid
                                FROM tour_attraction A
                                WHERE A.destination = 'LAS VEGAS'));
